

BEACON HILL™ FLAGSTONE

Inspired by natural cut flagstone, the blended colors and distinctive texture of Beacon Hill Flagstone has a relaxed look and feel, with all the benefits of Enduracolor™ technology. The subtle surface texture is comfortable to walk on in bare feet, but appears more dramatic in the light of sunrise and sunset. Sold in a random bundle of three relatively large sizes, Beacon Hill Flagstone can be laid in a number of patterns for a more, or less, random appearance. A larger, XL rectangle is now available, to be used alone or in combination with the traditional random bundle. Together, these characteristics have made Beacon Hill Flagstone one of our most popular pavers for patios, pool surrounds and walkways.
